PRODUCT APPROVAL INFORMATION

2017 FLORIDA BUILDING CODE 6th Edition
2017 FLORIDA RESIDENTIAL CODE 6th Edition

Our Precast Concrete Lintel Product Approval information has been updated to show compliance with the requirements of the 2017 FRC and the 2017FBC. These lintels are APPROVED for use throughout Florida, except in the high wind velocity zones of Broward and Miami-Dade Counties. Detailed info is available on the Florida Building Code Information System website www.floridabuilding.org.

Scroll down and on the left side of the Homepage and click on Product Approval. When the next page appears scroll down the list of Manufacturers and click on a particular product manufacturers' name or type in the FBC Approval number for one of the manufacturer's listed below:

Commercial Concrete Products FL #1774-R.5, which is marketed under the name of Quality Precast and Pro-Crete FL #23932, also marketed under the name of Quality Precast.

If you need further assistance, you may visit us online at www.qualityprecast.com or by calling Wade Mullins at (813) 662-5260 for Technical Service.
